A. SIGNIFICANT ITEMS

DOS
A further step towards inter-agency cooperation and coordination of language and area training is symbolized by a joint meeting last week at [] of the language and area Roundtables. Agencies with representatives at this joint meeting includes: State, NSA, Navy, Air Force, Army (SIS and MAG/Military Assistance Institute), USIA, ICA and CIA.

B. OTHER ACTIVITIES

1. The LAS area production plan now is approaching completion of its third draft which probably will be ready to go into final draft next Wednesday. I think that the hard thinking and creative discussions, as well as the need to state clearly in writing a performance plan has very successfully resulted in a clear concept of a significant mission in accord with the tenor of the times.
